## TALLAPOOSA COLLAPSES.

Ben Butler Made the Receiver of a Georgia Boom Corporation.

Tallapoosa. Ga., "the City of the Golden River," is in a bad way. It is a burst bubble. Five years ago it first began its masquerading under the name and fame of the Tallapoosa Land, Mining and Manufacturing Company, and last summer assumed a new name, with new backers. The Georgia Alabama Investment and Development Company it was called. Now it is in the hands of a re-ceiver: its late Secretary and General Manager has gone to New York to ask for funds from the very gentlemen, ladies widowers and babies who have already paid tribute to the tune of nearly \$1,500, 000 to the genius which created that

magic city out of the wilderness.

Tallapoosa's estimated value was \$9. 000,000. The company was rich in officers but poor in stockholders. Ben Butler of Boston appeared as President of the con-cern under its new name. It is said he had \$20,000 of his own money invested. Now he is the receiver of the concern, with only three shares of stock. There with only three shares of stock. There are many prominent names among the officers, including ex-Congressmen, bank Cashiers, Presidents and Treasurers. Among the Directors is L. M. Sanford, President of the Bank of New Castle, Ky. The Advisory Board includes the names of ex-Governor Gordon of Georgia, ex-Governor Taylor of Tennessee, and E. R. Truet, Cashier of the U. S. Treasury. ## Notice to Farmers!

At a meeting of the grain merchants and millers of Maysville, held on June 24th, 1862, the subject of cleaning wheat by farmers was introduced and fully discussed, and the following preamble and resolution was adopted:

That whereas, in former years, owing to the superior quality and cleanliness of Mason county wheat, it enjoyed a reputation second to no other section of the country and was much sought after, but in recent years, owing to the imperfect cleaning of wheat by threshers, it has suffered very materially in grading in the general markets in comparison with wheat from other states, resulting in no inconsiderable loss to the handlers, and many of the former large wheat customers who bought wheat here have in consequence been diverted to other markets; therefore, be if

Resolved, That the grain dealers and miliers of this city feel that it is incombent upon them to make it known to the farmers that they must insist upon them having their wheat well cleaned and screened by threshers, otherwise prices while made accordingly. They desire to state, for the benefit of the farmers, that wheat to grade No. 2 must weigh at least 58½ pounds to the bushel, thoroughly clean and dry, free from smut and other impurities; and that wheat to grade No. 3 must weigh at least 56 pounds to the bushel, and be dry and reasonably clean, and may have an occasional smut ball, but free from stain. Wheat not up to the above grades will be classed as rejected.
